the Province of Manitoba

The content is maintained by [Andrew Mackie](#)

*[Andrew Mackie](#) installed active security technology and formed an Incident Response Team in 1997. He did this while working as Security Architect for an infrastructure upgrade of Canada's Communications Security Establishment. This past year he built and led Manitoba's Information Protection Centre (IPC) and assisted the National Subcommittee on Information Protection in developing a national IPC initiative. Mr. Mackie now heads his own [TrustworthEServices](#) security consulting company.*
